

Books to read

This half term we will be using lots of books to support our learning. If you don't have these books at home, you can use the QR codes below to watch them on YouTube.

We will start the school year by learning Nursery Rhymes and having fun doing activities about them. Then we will move on to our topic of "All About Me". We will be ...

- Thinking about families. We will use the scrapbooks your child brought in to help us with this.
- Learn about Harvest Festival.
- Find out about our senses.
- Learn about 'remembering' for our RE topic.

At home you could ...

- Talk about family members, including those you see infrequently, or can no longer see.
- Ask your child to use their senses to describe things.

In Maths we will be learning about

- Matching objects and pictures.
- Comparing objects and pictures.
- Talking about measure and pattern.

At home you could do the rocket challenge. Please send it back even if you don't complete all the challenges.

In Phonics we will be learning about Phase 2 phonemes and graphemes. If you didn't make it to our workshop in school, you can find the presentation on our website https://www.hookinfants.co.uk/website/workshops_for_parents/580200

At home, you can support your child by reading the books that are sent home for your child, or playing games suggested in the workshop.
