

# TRAILBLAZER

Finding your feet outside the classroom!

Summer 1 2020

Hello!

We do hope that you had a lovely (if different) Easter and made the most of the beautiful weather when you could.

It was great to hear from our schools that our last newsletter was useful to you. If you did have a chance to try out any of the activities, we'd love to know how they went!

**You can email us at [outdoor.education@hants.gov.uk](mailto:outdoor.education@hants.gov.uk)**

We hope you enjoy these new ideas.

Take care, The Hampshire Outdoors Team

## Create an Animal Den!

Are your animals looking for a new home?  
Are they in isolation too?  
Can you create a den for them?  
What materials do you need?  
Are you going to make it indoors or outdoors?

## Dreamcatcher

Dream catchers, which were created by an indigenous group of people living in North America called the Ojibwa, generally consist of a hoop with net or a web inside and hanging feathers and beads.

**Find out how to make them**

## Treasure Hunt

Can you design your own Treasure Hunt?  
Before you go for a walk write a list of all the things you would like to find. How many can you find or see?

What about

- find 10 rainbows in windows
- what is the largest number you can find?
- listen for a bird
- how many street lights are there on your road?
- a tree that is 2 different colours

# Great British Wildflower Hunt

Do you love wild flowers? Would you like to know more about them? And help save them for the future?

If you go out for a walk or even looking out of your window what can you see? Why not join the Great British Wildflower Hunt! From the window I am looking out of as I write this I can see dandelions, lots of daisy's and some bluebells. Do the flowers change over time or stay the same. **To find out more visit: [www.plantlife.org.uk/wildflowerhunt](http://www.plantlife.org.uk/wildflowerhunt)**

## Minstead Study Centre

Some of you may have been on a visit to Minstead Study Centre in the New Forest.

While you sadly can't visit at the moment following them on social media means you can still do the activities. Everyday members of the team are posting ideas such as Thankful hands!

**Twitter: @MinsteadSC**

Thankful hands!  
Inspired by all the clapping, good will & kindness we've seen & heard.

Simply draw around your hands & fill in each finger with something you are thankful for! Why not decorated your drawing & put it in the window.

## Your image gallery

We're always looking to see what you've been up too! Why not send us your idea's or images of the amazing things you've been up to!
